

THE FILM BUDGET PLANNER

Market ranges are from published 2026 Indian pricing guides and are for orientation only. They are not Picante's prices, and real quotes vary with the brief.

PUBLISHED MARKET RANGES, INDIA

- ☐ 2D motion graphics, 60 seconds, basic: INR 8,000 to 25,000
- ☐ 2D motion graphics, 60 seconds, mid-tier: INR 40,000 to 75,000
- ☐ 3D product animation, per minute: INR 75,000 to 1.7 lakh
- ☐ 3D photoreal, per minute: INR 2 lakh to 4 lakh

ASK EVERY STUDIO

- ☐ What length and how many formats does this include?
- ☐ How many revision rounds, and what does an extra one cost?
- ☐ Is sound design included? Voice-over? Music licence?
- ☐ Do you model the product, or do I supply a 3D file?
- ☐ What usage is included: digital only, how long, which markets?
- ☐ Are source files included?
- ☐ What is the rush fee, and from what deadline?

YOUR NUMBERS

- ☐ Total budget range: ____
- ☐ Must-have formats: ____
- ☐ Hard deadline and what it is tied to: ____

HOW TO COMPARE

Send every studio the same one-page brief. Then compare length, formats, rounds and usage before you compare the price.
